Certification price list — SauberEko® brand of professionalism and expertise

Turn your expertise into a strong competitive advantage. We work with everyone — from ambitious individuals to established companies.

1. Certification of professionals (individuals)

Verification and certification of professional status. The gold certificate requires at least 5 years of declared active professional practice.

Registration fee — €59

Payable only after your application has been reviewed. Includes the application check, approval and creation of database records. Paying the registration fee does not entitle you to a certificate.

Professional certification — €259

Payable after successful verification of the complete documentation. Includes the entire communication process, issuance of documents, issuance of the certificate and entry in the Hall of Fame of professionals.

Online professional verification (Sa.Eko.Verified) — €259

Total price including the registration fee: €59 registration fee (only after your application is approved) + €200 only after successful online verification. Includes online verification of your experience from photos, videos and documentation, issuance of all documents, an online PDF confirmation with QR code (valid 2 years) and entry in the public SauberEko® register (Hall of Fame).

Additional services for individuals

Technical Interview — €250

Expert examination directly at the SauberEko® training centre. Demonstration of practical and theoretical knowledge of the trade and issuance of a SauberEko® confirmation of the level of professionalism achieved. The confirmation is valid for 2 years.

European Professional Passport (Digital Badge) — €45

Digital certificate (QR code) for real-time licence verification across the EU.

2. Company certification and quality audit (B2B)

The amounts are indicative — we prepare individual offers for small businesses and family companies.

Company registration and entry screening (Onboarding) — €490

Opening of the file, verification of references and information on available social media and with customers, review of the code of ethics. Payment only after the application has been reviewed.

Expert audit of operating processes — €890

On-site check of technical equipment and order management. Also includes the final personal inspection by a SauberEko® mentor before the certificate is awarded and the certification process is completed.

Authorisation with the SauberEko® brand of professionalism and expertise (2 years) — €2,400 / 2 years

Licence to use the label “Under the professional supervision of the SauberEko® brand of professionalism and expertise” for 2 years.

Exclusive and additional items

Important information

- Gold certificate requirement: the applicant must declare at least 5 years of active professional practice in the field. Online verification is open to everyone, including beginners.
- Duration: certification and online verification usually take 1 to 3 months, depending on the applicant's readiness.
- Paying the registration fee does not entitle you to a certificate — it is awarded only after all professional criteria have been successfully met. A negative audit result does not entitle you to a refund of the fee.
- B2B prices: the final price for companies may vary depending on company size and the technical complexity of the audit.
